

September 2017

Dear Parent/Carer,

“Road to Success” Maths Conference at the O2 – 11th October 2017

We would like to invite your child to attend a Maths GCSE re-sit conference being held at the O2, London on the 11th October. The conference will focus on areas identified as difficult following the summer exams and will address the challenging questions and give students strategies to help answer them.

The cost of the trip will be £29.00 and will be available to purchase on your ParentPay account from the 11th September. If you are in receipt of the 16/19 Student Bursary then you can apply to fund to cover the cost of this trip. Please speak to the Finance Department for more details.

Students will meet at the O2 so they must make their own way there. Mrs Sharma will meet the students at the O2 and supervise them during the conference. Registration is at 9am and the conference will finish at 12.50pm. Students will need to make their own way back.

Any questions please contact Mr Russell on arussell@westhatch.essex.sch.uk.

Please complete the return slip attached giving your child permission to attend.

Yours faithfully

Mr Russell
Head of Maths
